Summary

I am an undergraduate student in Software Engineering at the Universidade de Brasília, with a technical background in Computer Technician from the Escola Técnica de Brasília. I have experience as a Junior Developer in ASP.NET Core, .NET, C#, and SQL Server, seeking new challenges and opportunities to expand my knowledge and skills in the field.

Experience

Software Engineering Intern

Confea - Conselho Federal de Engenharia e Agronomia

Jul 2022 - Present (1 year 3 months)

- ➔ Software development using Visual Studio 2022, .NET, ASP.NET, C#, Entity Framework, Microsoft SQL Server, Docker, and Git.
- ➔ Collaboration on large-scale projects, writing code, and solving software challenges.
- ➔ Participation in the elaboration and validation of software requirements.
- ➔ Monitoring of projects in production.
- ➔ Acquisition of practical knowledge about the software development lifecycle, covering all phases from conception to delivery and maintenance.

Education

Universidade de Brasília

Computer Software Engineering

Jan 2022 - Present

Escola Técnica de Brasília

Computer Software Technology/Technician

Mar 2021 - Dec 2022

Centro Interescolar de Línguas (CIL)

English Language and Literature, General

Feb 2016 - Dec 2021

Skills

C# • .NET • ASP.NET Core • JavaScript • Microsoft SQL Server • HTML • CSS • Object-Oriented Programming (OOP) • ASP.NET Web API • Back-End Web Development
